I.M. SECHENOV FIRST MOSCOW STATE MEDICAL UNIVERSITY

About University

I.M. Sechenov First Moscow State Medical University is considered as one of the Top Medical Universities in Russia. University had begun its history in 1758 as the medical faculty at Imperial Moscow University. Sechenov University has been a pioneer in the Russian Healthcare System. Many renowned scientists and physicians have already worked at the University, who are known for their significant contributions to the progress of medicine.

Today, the University has grown up into an academic, research, and Resource Centre of Excellence in the Russian Healthcare System. It enforces the development of Medicine of the Future, based on a strong academic foundation in clinical medicine, expanding frontiers in advanced multidisciplinary research.

University's target model drives its sustainable transformation into a world-class University with a balanced focus on multidisciplinary education, research, and partnership with industry.

At present, Sechenov University is the only member of the Russian Academic Excellence Project in QS World University Ranking by Subject (Medicine). Its clinical competence is a key advantage for cross-disciplinary basic research and the discovery of new horizons in health and care.
